

# DILUCO™ 365

## Features & Benefits

- Excellent release
- Superior Lubrication
- No Stain, Outstanding Cosmetics
- Low Build up

## DESCRIPTION:

### DILUCO™365

Is a high performance, water based die lubricant formulated specifically for zinc die casting applications. This product contains a blend of natural lubricants, unique polymers and wetting agents that withstand thermal degradation at core and other high temperature areas of the die while providing excellent finish without overspray buildup.

### Recommended Dilution Ratios

Zinc 80:1 to 130:1

### Optimal Operating Temperatures

## TYPICAL CHARACTERISTICS:

FORM ..... Liquid  
 COLOR ..... Beige  
 ODOR ..... Slight  
 PH of CONCENTRATE ..... 9.3 to 9.5  
 SPECIFIC GRAVITY ..... 0.98

## Health & Safety:

All reasonable care has been taken to ensure that the information contained in this publication is accurate as the date of printing, however, such information might change to due changes in the formulation blend occurring subsequent to the date of printing. The MSDS must be consulted for appropriate information regarding storage, safe handling and storage.
